ICAgile FUNDAMENTALS TRAINING

“Agile Fundamentals emphasises that Agile is a mindset, not a single methodology or framework.”

Start your Agile journey with an international certified professional certification! Our ICAgile Fundamentals course is now live online and takes place over 3 days (3 sessions of 3 hours each).

This course covers the history of Agile, the Agile Manifesto, the Agile principles, and some widely applied frameworks and practices.

ICAgile’s fundamentals learning objectives delve into key concepts such as adaptive planning, value-driven work, team collaboration and frequent feedback for continuous improvement. You will come away with a solid understanding of core concepts to set you on your Agile path.
